

A simple guide on

How to block unwanted sites on Google Chrome

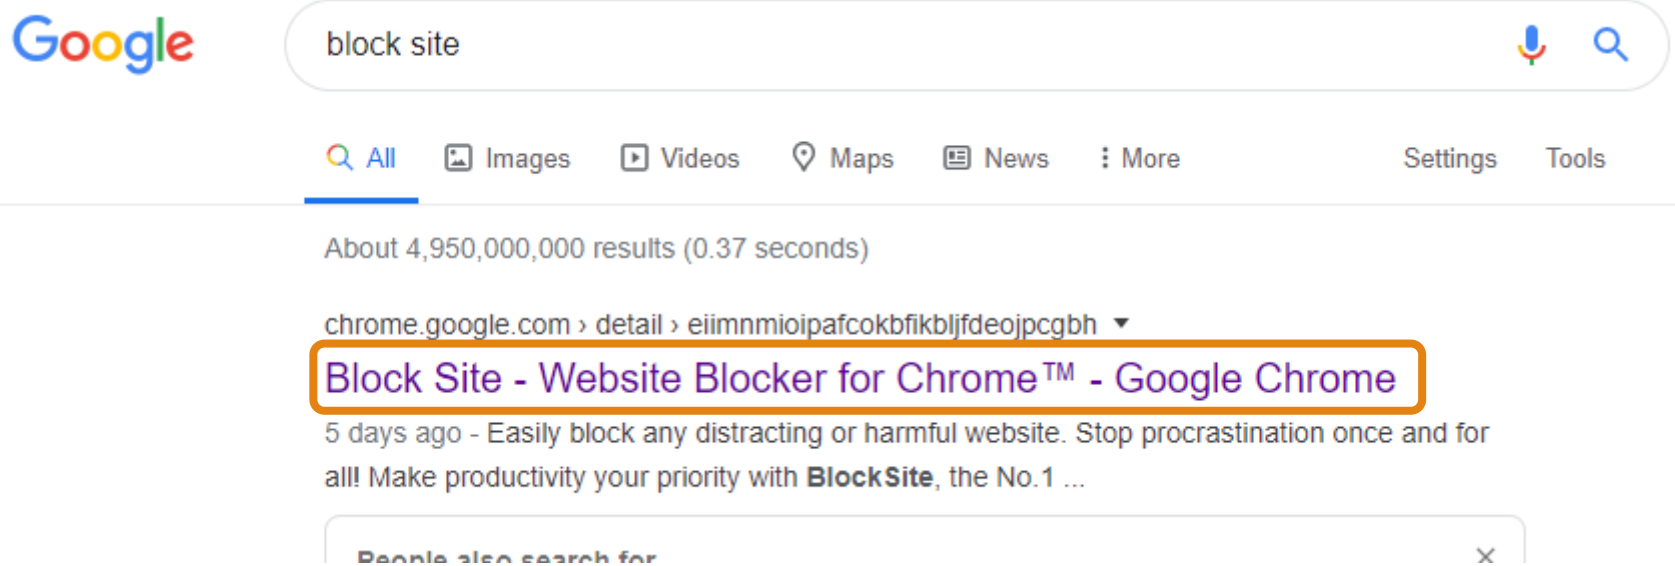

دليلك المبسط حول

كيفية حظر المواقع غير المرغوب فيها على **Google Chrome**

Installing Block Site

The first thing you will have to do is install a simple tool that will do all the blocking for you.

Open Google Chrome browser on your computer and search for "Block Site", then click on the first result.

The screenshot shows a Google search interface. The search bar contains the text "block site". Below the search bar, there are navigation options: "All", "Images", "Videos", "Maps", "News", and "More". To the right of these options are "Settings" and "Tools". Below the navigation options, it says "About 4,950,000,000 results (0.37 seconds)". The first search result is highlighted with an orange box and reads: "chrome.google.com > detail > eiimnmioipafcokbfikbljfddeojpcgbh > Block Site - Website Blocker for Chrome™ - Google Chrome". Below the title, it says "5 days ago - Easily block any distracting or harmful website. Stop procrastination once and for all! Make productivity your priority with **BlockSite**, the No.1 ...". At the bottom, there is a section titled "People also search for" with a search bar and a close button (x).

Viewing browser history

If you aren't sure what sites to block, you can check your child's browser history to see which sites they're spending time on. This way you can check it and block it if need be. To do this, simple hold down the **Ctrl** key on your keyboard, then tap **H**. Alternatively, you can follow the steps illustrated below.

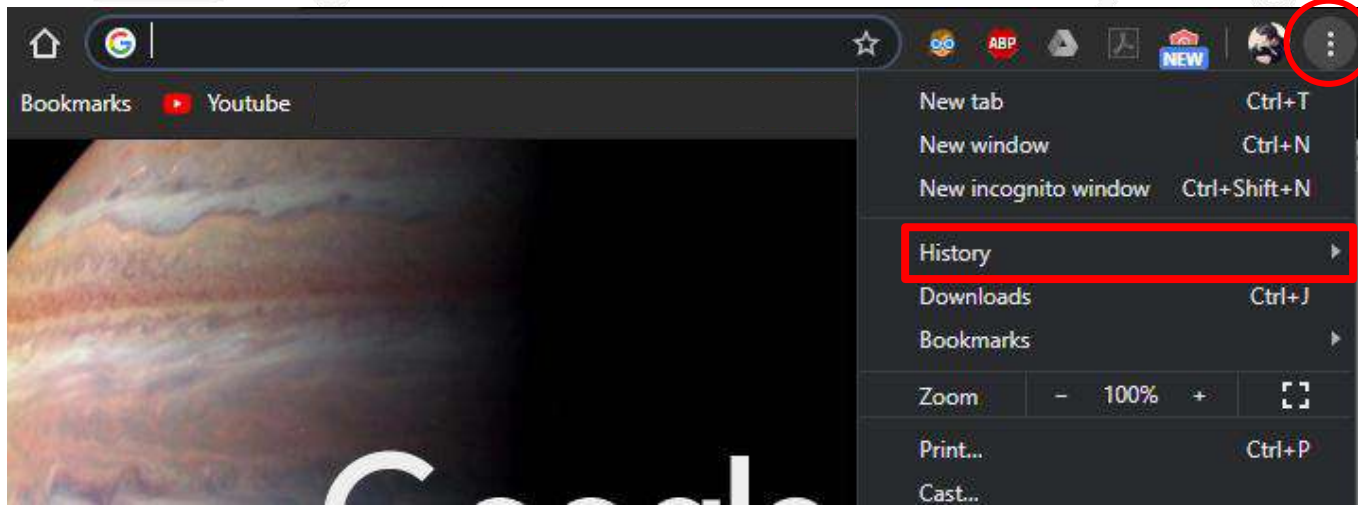

1. Click on this button.

2. Select the history option, then select the first option from the menu which says **History**.
